Pruning ref: to How to Plant and Prune (come with plants)
 Pruning Groups are marked as (xA) (xB) and (xC) in the
 descriptive text (x = cut/prune)
Please observe the bold =(#D) is a price code

We do a lot of breeding and raising seedling in order to get new hybrids, we got quite a lot of promising stuff we will introduce at a later point, I'm really in love with the American Bells (the Viorna Group) small and exiting, "petite" they require a close up look, they are really for the connoisseurs choice. Some pics.

We got some larger **Viorna types**
we let go @\$45 various colours
 as they do not flower before
 summer so it's **Lucky Dip !**

Price Groups = (#B) = \$38 (most Hybrids)
 (#C) = \$42 (most Viticellas)
 (#D) = \$45 (mainly Texensis & Evison's)
 (#E) = \$50

All orders: Prepayment required, DO not send money with order, we will invoice you when order are ready as we are on the countryside and have to deliver to Courier we will only send once a week or every second week

Courier: North Island: 1 to 5 plants \$15
South Island: 1 to 2 plants \$17
South Island: 3 to 5 plants \$25
RURAL + \$5
